BRIDGESTONE AMERICAS TIRE OPERATIONS

v. 2025-01

Bridgestone Americas Tire Operations, LLC (BATO) will invoice authorized National Account, National Fleet Program, Emergency Road Service (ERS), and Dealer Delivered Original Equipment customers up to "US Standard Service and Labor Rates" or at Dealer Specified Pricing (DSP) as itemized in the rate schedules below when these services are authorized by the customer and included on a delivery receipt (DR) processed by BATO.

National Account and Dealer Delivered Original Equipment Customers – Please refer to the BATO Program Guide and/or Tire Policy for specific fleet authorization requirements.

The following policies and rates apply to deliveries within the United States and are subject to change without notice.

I. POLICIES

US HOLIDAYS

The following holidays and hours are observed:

- New Year's Day
- Martin Luther King, Jr. Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

HOURS

Regular Hours: 7:30 a.m. – 5:00 p.m. Monday – Friday

After Hours: 5:01 p.m. – 7:29 a.m. Monday – Friday / Saturday, Sunday & Listed Holidays (24 hours)

DEFINITIONS

Dealer Specified Pricing (DSP)

Pricing supplied locally by the servicing dealer.

Emergency Service

Service that is needed immediately, regardless of location.

Non-Emergency Service

Service that is scheduled or is convenient at the current time, regardless of location.

HOURLY LABOR

All EMERGENCY hourly labor rates include the following:

- All labor charges (including installation of valve stems, etc.)
- Flat repair (including standard patch and cement)
- Mounts and dismounts (including inside duals)

Charges for additional materials may be assessed at DSP, such as:

- Valve hardware
- Studs
- Tubes/flaps/etc.

All Monday – Friday hourly labor requires a one-hour minimum and will be billed in 15 minute increments thereafter. All after hours and Sunday & holiday service rates require a two-hour minimum and will be billed in 15-minute increments thereafter.

All hourly labor rate charges are “portal to portal,” based on the servicing dealer traveling to the service site, time spent completing the service, and returning to the “original start or shop location” or at the completion of service and the commencement of travel to a new service event.

TIRE CLASSIFICATION	
Light Truck Tire	All LT designated tires in the Bridgestone Medium & Light Truck Tire Data Book.
Medium Truck Tire	7.50-12.00 cross-section or 245-315 LP cross-section and 215/75R17.5 and up.
Heavy Truck Tire	Larger than a 315 cross-section or 12:00 cross-section.

MILEAGE FEE / FUEL SURCHARGE POLICY FOR DELIVERIES AND NON-EMERGENCY SERVICE

With customer approval, mileage fees or fuel surcharges may be assessed on round trip new tire and retread deliveries and travel to perform non-emergency service work. These rates should be negotiated between the BATO servicing dealer and each customer location. The name, title and phone number of the authorized person who approved the fuel-related charges must be submitted on the delivery receipt (DR).

The Suggested Mileage Fee table on page 3 may be used by BATO servicing dealers as a reference to determine a mileage fee. BATO reserves the right to reverse any mileage fee or fuel surcharge billed to a fleet that BATO determines to be excessive.

MILEAGE FEE POLICY FOR EMERGENCY SERVICE

Each emergency service call is subject to a mileage fee billed at the service provider’s discretion. The mileage fee should be fair and based on the additional fuel-related cost of the service call. A fuel surcharge is not allowed for emergency service.

The Suggested Mileage Fee table on page 3 may be used by BATO servicing dealers as a reference to determine a mileage fee. The mileage fee code YY185100 should be used when billing this fee. BATO reserves the right to reverse any mileage fee billed to a fleet that BATO determines to be excessive.

The Suggested Mileage Fee table is based on the national average price of on-highway diesel fuel (all types). U.S. diesel fuel prices may be found on the following website:

www.eia.gov/petroleum/gasdiesel

Standard Service & Labor Rates: As an accommodation to National Account, National Fleet Program and ERS Customers (collectively, "Customers") and authorized Servicing Dealers, BATO will invoice Customers on behalf of the Servicing Dealers for Dealer Products and Services provided to Customers at rates listed in the applicable Standard Service & Labor Rates book, as in effect on the date of delivery, unless other terms apply. Standard Service & Labor Rates are set up in Bridgestone's system as maximum prices. Customers and Servicing Dealers are generally responsible for negotiating the prices for all Dealer Products and Services. Pricing for Dealer Products and Services will be confirmed via the DR issued at the time of delivery.

Dealer Products and Services: If a Servicing Dealer provides any Dealer Products and Services to a Customer, the Servicing Dealer, in providing the Dealer Products and Services, is acting as an independent contractor of the Customer and not as the agent, subcontractor, or representative of BATO. Dealer Products and Services include any products or services provided to a Customer that fall outside the scope of Bridgestone tires and Bandag retreads, including, without limitation, casings, wheels, mechanical parts and repairs, valve stems, scrap tire disposal, mounting and dismounting services, and wheel and rim refinishing services.
